

NEW PUBLICATIONS.

HISTORICAL COLLECTIONS OF OHIO. The venerable Henry Howe, long and favorably known as an indefatigable collector of historical material, has just brought out a second edition of his "Historical Collections of Ohio." The first appeared in 1847, when the State was a baby—so young that out of its 107 legislators eighty-four were born strangers. Forty years after Mr. Howe had made his first journey through the State he undertook a second, and the result in this new volume shows that those forty years have only added to his abilities as a collector and commentator.

The work is a mine of exact and often curious detail. It is somewhat disconnected in make-up, as its title implies, but it presents a picture of the growth of a great State, such as an elaborate "History" might easily fail to convey. Mr. Howe's own "Travelling Notes" are full of graphic reminiscence, while his collection of quaint biographical anecdotes and his relations of pioneer experiences lend a stirring interest to a volume already valuable for its statistics.

Maps, portraits and illustrations of localities taken from drawings and photographs accompany the text in profusion. The book is one which will deeply interest all Ohioans, and which will offer invaluable material to the future American historian.

For Young Ladies.—Dr. Gardner's Lectures for Young Ladies.—Rev. Dr. Gardner's school for this, 1889, commences on Monday, April 15, at 10 o'clock. Lady teacher wanted next year.
